

VORTICE

VORTICE

VORTICE is a global leader in ventilation and air treatment solutions, with over 70 years of experience. Headquartered in Italy and active in more than 90 countries, the company engineers cutting-edge systems for residential, commercial, and industrial use — with a strong focus on sustainability, innovation, and comfort.

As an official dealer and partner, Mechanical Solutions proudly collaborates with VORTICE not only to distribute their internationally certified products, but also to bring you customized solutions manufactured to meet our unique project needs. We work closely with VORTICE to deliver reliable, efficient ventilation systems tailored to each project's specific needs.

V VORTICE

DEALERSHIP

As an official VORTICE dealer, our certifications confirm a trusted partnership and proven technical expertise. They ensure we provide genuine, high-quality products that meet VORTICE's international standards.

2025

We have the pleasure to appoint the Company:
