

Our Dealership with Tecnosystemi

Tecnosystemi S.P.A, founded in 1992, is a leading Italian manufacturer of accessories for air conditioning, ventilation, heating, and photovoltaic systems. Known for innovation and stylish design, their products support efficient and professional HVAC installations.

As a Benefit Company, Tecnosystemi combines technical excellence with a strong commitment to sustainability, using renewable energy to reduce environmental impact.

Mechanical Solutions is proud to be an official dealer and partner, providing their certified products and custom solutions tailored to each project's needs.

DEALERSHIP

Our partnership with Tecnosystemi goes beyond products—it's built on shared values of quality, trust, and innovation. These certifications reflect not only our technical capability but also the strong relationship we have built as an official, trusted dealer.
